Captain Fawcett 4WD Trail (Dwellingup)

Description

The track provides ample opportunities for a day's adventure. Starting from Dwellingup, travel approximately 16.5km down Nanga Rd and turn left into Dawn Creek Rd to start the trail.

4WD Section - The Track

The easy to medium grade 4WD section starts within the Lane Poole Conservation Reserve (see Map link below). Much of the track runs along old rail embankments where the timber trains once hauled the forest trees into various mills.

Remnants of an old rail bridge stand adjacent to the track. Other sections may be on tracks made by timber cutters to access the forest. There are places along the track where you can pull off and enjoy a picnic on your way.

Notice to trail users

Many tracks and trails are subject to seasonal conditions, restrictions due to maintenance or wildfire and controlled burn restrictions. This site provides general track/trail information but not the current status of the track/trail. Users should contact Parks and Wildlife Perth Hills District office in Mundaring (08) 9290 6100 for current track/trail information.
